- Highest Quality Ingredients
- Proprietary Formulas
- FDA Inspected Facility
- Super Effective Products

Quality Life International, Inc

East-West Development, Inc. (EWD) was established in 1980 in Ohio, USA specializing in international trade. For more than two decades EWD has assisted many western medical companies to establish marketing and sales in the Asian Pacific Rim.

Quality Life International, Inc. (QLI), a privately held firm, was established in 1991 as a manufacturing, design and marketing firm for personal healthcare products. QLI's mission is to promote the acceptance and use of holistic medicine and natural products of the highest quality with scientifically supported benefits to people all over the world. In order to accomplish this we have teamed up with scientists from America, Australia, New Zealand, Europe, Taiwan, Hong Kong and China to develop innovative natural products. Thousands of years of alternative medicine practice in China, India, Egypt, Greece and other ancient civilizations and well-documented scientific studies strongly support the effectiveness of herbs and alternative medicine in treating human diseases and preventing illness. We encourage all health conscious individuals to help us to reach our goal.

QLI formulates, manufactures and distributes essential oils, bath oils, massage devices, acupuncture and other alternative therapy modalities, herbal teas and formulas, seaweed soap, cream and spray and skin-care products. Our products are sold in natural food stores, salons, fitness centers, alternative healthcare clinics, gift shops, catalog and web sites in the USA and through our world wide distributor network. Currently, we have about 100 distributors and representatives in the USA and overseas.

QLI also markets excellent nutritional and food supplements manufactured by internationally known companies such as American Best Choice, Healthco, King Bio, Lifetime, Omni Nutraceuticals, Renew Life, Similasan, Vital-Ex, and Weider. These products include, but are not limited to, vitamins, multiples, minerals, protein and amino acids, herbal formulas, sports nutrition and all types of health foods.

Our wide range of products include capsules, powder, tablets and spray medicines for stress control, allergies, hay fever, appetite and weight control, arthritis relief, back and neck pain, cold and flu, eye stress, sinus relief, smoking cessation, breast enlargement and colon irrigation. All of our products are manufactured in accordance with FDA standards.

Through intensive research and development, QLI has collaborated with King Bio Pharmaceuticals to formulate and manufacture LifeMist HGH, the most revolutionary anti-aging formula on the market today. This new spray natural medicine utilizes the latest state of the art technology to achieve fast absorption and highly effective results.

More recently, we have established a joint venture with a renowned bio-laboratory in California, USA to develop four new, state of the art nutraceutical products, WildGra, WildMan, Wild Yam Cream and Wild Yam Cream Lotion. These products were designed to alleviate male and female sexual dysfunction as well as enhance sexual performance and pleasure.

PROFESSIONAL Personal Healthcare Products

WildMan Male Sexual Enhancer

WildMan is a new generation, state of the art nutraceutical formula for treating men's sexual dysfunction (ED) such as impotence and premature ejaculation. This product was formulated according to ancient Chinese medical theory and manufactured by modern American pharmaceutical science and technology in FDA approved facilities.

WildMan contains only the highest quality natural ingredients which have been proven to regulate blood flow, dilate blood vessels, increase lean muscle, increase energy and vitality, strengthen the immune system, nourish kidney function to prolong erection and enhance male performance. WildMan utilizes amino acids that stimulate the production of nitric oxide, leading to the production of cyclic GMP which ultimately affects smooth muscle relaxation, allowing the penile arteries to expand and fill with blood. Men experience rock hard erections, as blood flow increases to the genital area, leading to increased sensitivity and intensity during intercourse.

Our formula is 100% natural with no harmful chemicals or additives, making it extremely safe to use. Numerous clinical research studies and laboratory data have all indicated that our proprietary formula and its synergistically blended ingredients are effective for male sexual performance and help rebuild his confidence. WildMan promotes male sexual performance and desire and is the only natural herbal alternative for men!

Ingredients

Oyster Powder, Yam, Chinese Tuckahoe (Poria Cocos), Gardenia, Dahurian Angelica.

WildGra Female Arousal Lotion

WildGra is a new generation, state of the art formula nutraceutical cream for enhancing a woman's sexual arousal. This product was developed as a result of recent discoveries about the role of the nitric oxide pathway in penile and clitoral sensitivity, arousal and erection. This theory won the Nobel Prize in Medicine and Physiology in 1998.

WildGra contains only the highest quality natural ingredients which have been proven to stimulate clitoral sensitivity, as well as enhance orgasm and sexual satisfaction. Our formula is all natural with no harmful chemicals or additives, making it extremely safe to use. Numerous clinical research studies and laboratory data have all indicated that the ingredients are effective for sexual arousal.
